PROFESSIONAL SUMMARY

Result-driven Information Security enthusiast with solid foundations in Ethical Hacking, Cybersecurity frameworks, and Vulnerability Assessment and Penetration Testing (VAPT). Proficient in mapping attack vectors, mitigating OWASP Top 10 vulnerabilities, and conducting network security audits. Adept at using industry-standard penetration testing tools to evaluate defensive systems. Currently pursuing a Master of Science (M.Sc.) in Computer Science to integrate advanced technical expertise with high-impact core offensive security workflows.

TECHNICAL SKILLS

Offensive Security: Ethical Hacking Methodologies, System Exploitation Testing, Social Engineering Defense, Session Hijacking Countermeasures, DoS/DDoS Attack Mitigation.

Vulnerability Management & Web Auditing: OWASP Top 10 Application Security, API Penetration Testing, Secure Source Code Evaluation, Network Architecture Footprinting, Port Scanning, Protocol Enumeration, Traffic Packet Analysis, Infrastructure Hardening.

Tools: Burp Suite, OWASP ZAP, Nmap, Wireshark, Nessus Vulnerability Scanner, OpenVAS, Metasploit Framework, Hydra, John the Ripper, SQLmap, Bettercap, Nikto, Advanced Network Pinging Tools.

Operating Systems & Testing Target Labs: Kali Linux, Linux (Ubuntu/Debian), Windows Server, Metasploitable Environments.

PROJECTS

OWASP Web Application Exploit & Remediation Lab

- Simulated complex web application-layer attacks (including SQL Injection, Cross-Site Scripting, and Broken Session Authentication) inside isolated virtual topologies built via Metasploitable.
- Utilized Burp Suite and OWASP ZAP to actively intercept transaction payloads, analyze HTTP headers, map hidden folder structures, and reverse-engineer malicious parameters.
- Authored comprehensive remediation scripts, executing rigorous defensive input sanitization, database parameterization queries, and cookie configuration hardening to secure a 100% target remediation status.

PROFESSIONAL CERTIFICATIONS

Google Cybersecurity Certificate	Coursera
Python Developer Certificate	Udemy
Programming with Python 3.X	Simplilearn
Microsoft Office Specialist	Microsoft

EDUCATION

Master of Science (M.Sc.) in Computer Science

Sinhagad College, Pune

2025 – Present

Bachelor of Science (B.Sc.) in Computer Science

Modern College of Arts, Science and Commerce, Ganeshkhind, Pune

2022 – 2025
